Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating_outage.

What is the Power Charge Indifference Adjustment (PCIA)?

'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

California Climate Credit Rollover Information

Your electricity bill for this month may reflect a credit amount. This may be due in part to the California Climate Credit included in the "Delivery charges" section of your April 2024 electricity bill.

NOTICE OF APPLICATION
Southern California Edison Company's Request to Increase Electric Rates
APPLICATION A.24-04-005

Why am I receiving this notice?

On April 5, 2024, Southern California Edison Company (SCE) filed its Wildfire Mitigation, Vegetation Management, Catastrophic Events, and Wildfire Liability Insurance (WMCE) Application with the California Public Utilities Commission (CPUC) requesting authorization to recover recorded costs that are in addition to the amounts already authorized by the CPUC and already included in current customer rates. SCE's application requests CPUC approval for an initial revenue increase of \$326.337 million. If the CPUC approves this application, SCE will recover this amount in electric distribution rates over a one-year period beginning in mid-2025.

Why is SCE requesting this rate increase?

- In 2023, SCE completed necessary work to implement its Wildfire Mitigation Plan and execute other important wildfire mitigation activities.
- In 2023, SCE completed substantial vegetation management work to mitigate wildfire risks related to vegetation contact with electric facilities, comply with required laws and regulations, and promote service reliability.
- In 2019-2023, SCE completed significant work in the Wildfire Covered Conductor Program to replace bare overhead conductors in high fire areas and related work. This will reduce wildfire risk and increase thresholds for potential Public Safety Power Shutoff events.
- SCE responded to 10 government-declared disasters that occurred in 2020-2022 to restore utility service to its customers; repaired, replaced, or restored damaged utility facilities; and complied with governmental agency orders.
- In 2019-2020, SCE incurred incremental wildfire liability insurance premiums.

How could this affect my monthly electric rates?

If SCE's rate request is approved by the CPUC, the average non-CARE residential monthly bill using 500 kWh per month would increase by approximately \$2.77 or 1.5% per month in mid-2025. The average CARE residential monthly bill with the same monthly usage would increase by approximately \$1.87 or 1.5% per month in mid-2025.

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge (ALJ) who will consider proposals and evidence presented during the formal hearing process. The ALJ will issue a proposed decision that may adopt SCE's Application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SCE's Application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call **1-415-703-1584**, email PublicAdvocatesOffice@cpuc.ca.gov or visit www.publicadvocates.cpuc.ca.gov.
